

# USER MANUAL

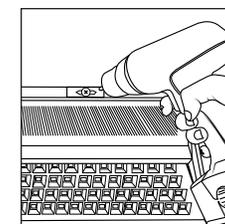

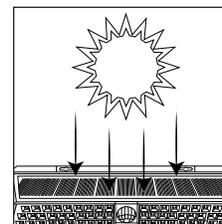

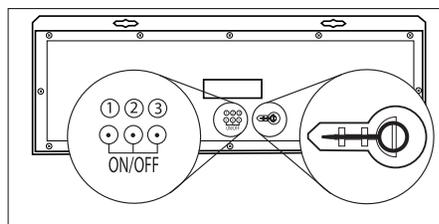

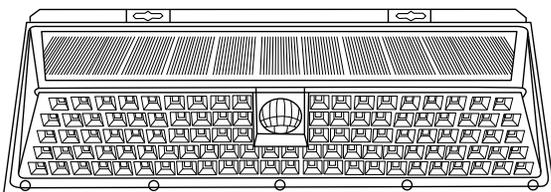

## WHAT'S INCLUDED

| Number of LEDs | Motion Sensing Range (ft.) | Auto Shut Off (seconds) | IP Rating | Optional OFF Switch   |
|----------------|----------------------------|-------------------------|-----------|---|
| 126            | up to 32                   | 20                      | IP65      | yes*<br>*Press any position setting (1, 2, 3) for 3 seconds to turn the light on or off |

| Switch | Lighting Mode                 | Lumens |
|--------|-------------------------------|--------|
| 1      | Dusk to Dawn                  | 115    |
| 2      | GlowMode™ / Motion Activation | 10/835 |
| 3      | Motion Activation             | 835    |

**Note:** Before installation, set switch on the back panel to your desired lighting mode

## INSTALLATION

1. Use the pin (included) to select the lighting mode (See 'Lighting Mode' chart above). Insert the pin through the hole that corresponds to the desired lighting mode. The light will flash, indicating the mode is set.
2. Determine the mounting location. We recommend a mounting height of 6.5-8 feet in an area that receives direct sunlight.
3. Place the light in the optimal location and mark the holes for mounting. Pre-drill and use the provided anchors if necessary. Drive the screws through the holes at the top of the light being mindful to not over-tighten.

**Note:** The pin can be stored on the back of the unit as shown.

## 1 YEAR WARRANTY AGAINST DEFECTS

All Mr Beams products are guaranteed against defects in workmanship and materials for 1 year from purchase. Warranties implied by law are subject to the same time period limitation. Some states do not allow limitations on how long an implied warranty lasts, so this time limitation may not apply to you. If the product fails due to a manufacturing defect during normal use, return the product and dated sales receipt to the store where purchased for replacement OR send the product and the dated sales receipt to the address below. Not covered – Repair service, adjustment and calibration due to misuse, abuse or negligence, and consumable parts (including batteries) are not covered by this warranty. Unauthorized service, modification or disassembling this product or any furnished components will void this warranty in its entirety. This warranty does not include reimbursement for inconvenience, installation, setup time, loss of use, postage, unauthorized service, or other products used in conjunction with, but are not supplied by, Wireless Environment. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Register your light to extend your warranty to two years at [mrbeams.com/register](http://mrbeams.com/register)

## TIPS

The solar panel should be kept clean to absorb sunlight effectively. Charge the solar panel for at least 6-8 hours in direct sunlight on a regular basis to fully charge the battery; charge the panel for 2-3 days before first use. Install the light in a location that receives direct sunlight for best performance. The light contains a light sensor that prevents activation in daylight. Seasonal conditions, including snow, extremely cold temperatures, rain and fog can affect the light output. Do not disassemble the product as this can affect the light's weatherproof rating and void the warranty.

**HANDLE WITH CARE.** Product contains a rechargeable lithium ion battery and should be replaced only by an authorized service provider. Do not disassemble, open, crush, bend, deform, puncture or shred battery. Do not modify, attempt to insert foreign objects into the battery, or immerse or expose it to water or other liquids. Do not expose the battery to fire, explosion or other hazard. Only use the battery for the system for which it is specified. Use of an unqualified battery or charger may present a risk of fire, explosion, leakage or other hazard. Do not short-circuit a battery or allow metallic conductive objects to come into contact with battery terminals. Promptly dispose of used batteries in accordance with applicable laws and regulations.
