Wireless Motion Sensor UltraBright LED Path Lights

Item # **MB592**

Key Features

- **Motion/Light Sensor:** The Path Light instantly turns on when it detects motion from up to 15 feet away. The light sensor helps to prevent light from activating in daylight.
- **Easy to Install:** No wires = quick and easy installation in under 5 minutes; no electrician required.
- **Energy Efficient:** Our high quality LEDs never need to be replaced. It's so efficient, you will get more than 50 hours of light on one set of batteries.
- **Bright LEDs:** The LED directs 80 lumens of neutral white light downward to light pathways and stairs.
- **Multipurpose:** Path lighting, night-time walking, deck stair lighting, hallway lighting.
- **Durable, Weather Resistant:** Tight seals and UV resistant material allow the Mr. Beams Path Lights to work in all weather conditions.
