

# Wireless Motion Sensor LED Night Light

Item # **MB710**

## Key Features

- **Motion Sensor Activated:** The Mr Beams Night Light instantly turns on when it detects motion from up to 10 feet away. The light sensor helps to prevent light from activating in daylight.
- **Easy to Install:** No wires = quick and easy installation in under 5 minutes; no electrician required.
- **Energy Efficient:** Our high quality LEDs never need to be replaced. It's so efficient, you will get up to one year of light on one set of batteries based on average use of 8 activations per day.
- **Bright LED:** The LED directs 15 lumens of warm light downward
- **Multipurpose:** An ideal safety light for hallways, stairways, bathrooms and kitchen.
